

7th Grades 4th Unit Worksheet

A) GUESSING TIME

Type: It is a mammal.

Type of Diet: It is a carnivore. It eats mainly seals and other sea animals.

Habitat: It lives in the Arctic (very cold, icy places) and on the sea ice.

Special Body Part: It has thick, white fur and a lot of fat. This keeps it warm in the cold.

Special Ability: It is a very strong swimmer. It can swim for many hours in the cold ocean water.

GUESS WHAT ANIMAL IS THIS?

Type :It is a mammal.

Type of Diet: It is a carnivore. It eats big animals like deer.

Habitat :It lives in the forests and grasslands in Asia.

Special Body Part: It has a striped coat (skin). The stripes help it to hide (camouflage).

Special Ability :It is a hunter. It moves very quietly so its food does not hear it.

GUESS WHAT ANIMAL IS THIS?

B) WRITING TIME

NOW IT IS YOUR TURN. COMPLETE THE CHART BY DESCRIBING A GREEN ANACONDA.
