I live in a large house with a garage and a small garden. There are five rooms in my house, and each room is different.

My favorite room is the sitting room because I spend most of my time there. There is a big, comfortable sofa and a large TV in it. I usually watch TV in the evening after I finish my homework. There is also a bookcase next to the window.

My mother loves cooking, so she spends a lot of time in the kitchen. The kitchen is modern. There is a big table in the middle of the room and chairs around it. There is also a fridge, an oven and many cupboards.

The bathroom is small but clean. There is a wide sink, a mirror and a metal rubbish bin in it.

In my bedroom, there is a bed, a desk, a lamp and a computer. I sometimes play computer games or listen to music in my room.
