#### What Did You Do Last Summer Holiday?

Last summer holiday, Emily had a great time with her family. They stayed in a tent near the sea for a week. Every morning, she woke up early and ran on the beach. Then, they swam in the sea and picked fruit from the trees nearby. One day, Emily learned sailing with her father. It was difficult at first, but she really enjoyed it. In the afternoons, she read books and sometimes wrote a diary about her day.

Her mother painted beautiful pictures of the sea, and her brother played soccer with new friends. In the evenings, they waited for the sunset and talked about their day.

Emily also studied a little, but mostly she relaxed and had fun. It was an unforgettable holiday!
