

UNIT 5

INTERNET

1)

Teacher: Do you follow internet safety rules?

Stanley: Sure, I don't chat with people I don't know.

Alice: I do not share my personal information on my accounts.

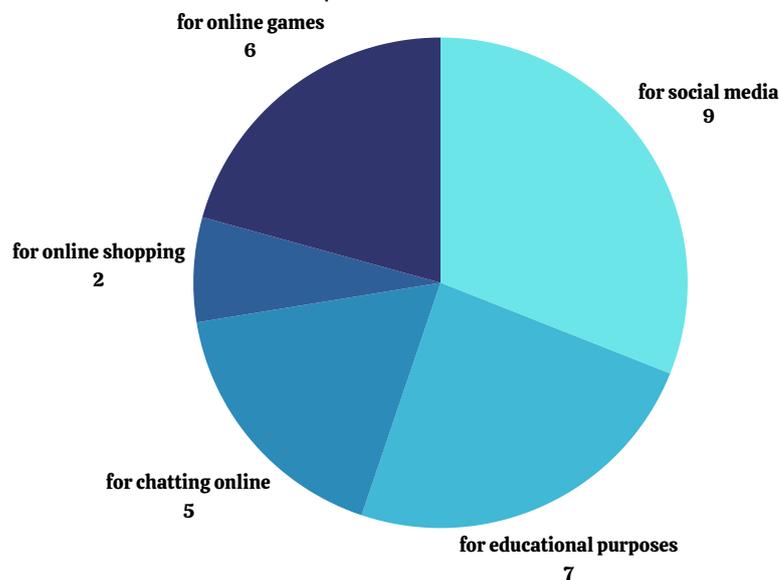

Rose: I have a very strong password. It consists of my birth date and birthplace.

James: I do not accept friend requests from strangers.

According to the dialogue above, who does NOT truly follow internet safety rules?

- A) James B) Alice C) Stanley D) Rose

- 2) There are 30 students in Mrs. Harrison's class. She conducted a mini-survey to find out the purposes for which they use the internet. Then she created a pie chart as follows:

According to the pie chart, which of the following CANNOT be true?

- A) Students use the internet for buying new things the least.
B) The number of the students who use the internet for learning new things is less than those who play online games.
C) Chatting online is not as popular as using social media among the students.
D) Spending time on a social media is the most popular activity among students.

- 3) **Mom:** Bob, I want to share some important information about internet safety rules.

Bob: OK, Mom. What are they?

Mom: First, please do not share your personal information online. Also, do not accept friend requests from people you don't know. Additionally, using a strong password is important to protect your accounts from hackers. Moreover, do not forget to log off when you're not using the internet. Lastly, let me know before you download any files.

Bob: Thanks, Mom. I promise I will be more careful about internet safety when I'm online.

According to Bob's advice about internet safety, which of the following would NOT be appropriate for staying safe online?

- A) If Bob refuses a friend request from a person he does not know.
B) If Bob shares his telephone number on the profile of his account.
C) If Bob remembers to log off his account.
D) If Bob downloads a file with his parents.

- 4) **Albert:** I lost my internet connection.
Oliver: What do you mean?
Albert: I mean my internet is not working. I cannot go online, and I cannot open my browser page. What should I do?
Oliver: I think you should

According to the dialogue above, which of the following is the most appropriate response to Albert's question?

- A) Change your password.
- B) Create a new account.
- C) Upload a photo.
- D) Restart your modem and your computer.

5)

Bruce was online for two and a half hours today. He logged into his social media account, followed two famous basketball players' accounts, liked twenty photos, and made eleven comments under the photos of his online friends. After logging off his account, he did some online shopping. Then, he ordered his favorite food online. Lastly, he joined his online language course for an hour.

Which of the following purposes did Bruce NOT use the internet for today?

- A) Learning a new recipe for his favorite food
- B) Online shopping
- C) Getting in touch with his friends
- D) Joining educational course

6) **Belinda's search history on her computer is shown below.**

SEARCH HISTORY	
www.learnfrenchwithusonline.com	
www.scientificworld.com	
www.onlinenewrecipes.com	
www.yourbank.com	

According to her search history, which of the following did she NOT do?

- A) She read online news.
- B) She checked her bank account.
- C) She researched for her homework.
- D) She visited an online language class.

7)

Amy: I think the internet is not a good thing. It causes a lot of problems.

Megan: Oh, really? I don't think so. The internet is very useful!

Amy: But people use it too much. They don't talk to each other anymore.

Megan: That's not true! People can talk online. They can send messages and video call.

Amy: Yes, but many people use the internet all day. It is bad for their eyes and health.

Megan: That is true, but we can use it in a good way. We can learn new things and do homework.

Amy: Hmm... maybe. But there are many bad websites. They can be dangerous.

Megan: Yes, but we can be careful. Parents and teachers can help children use the internet safely.

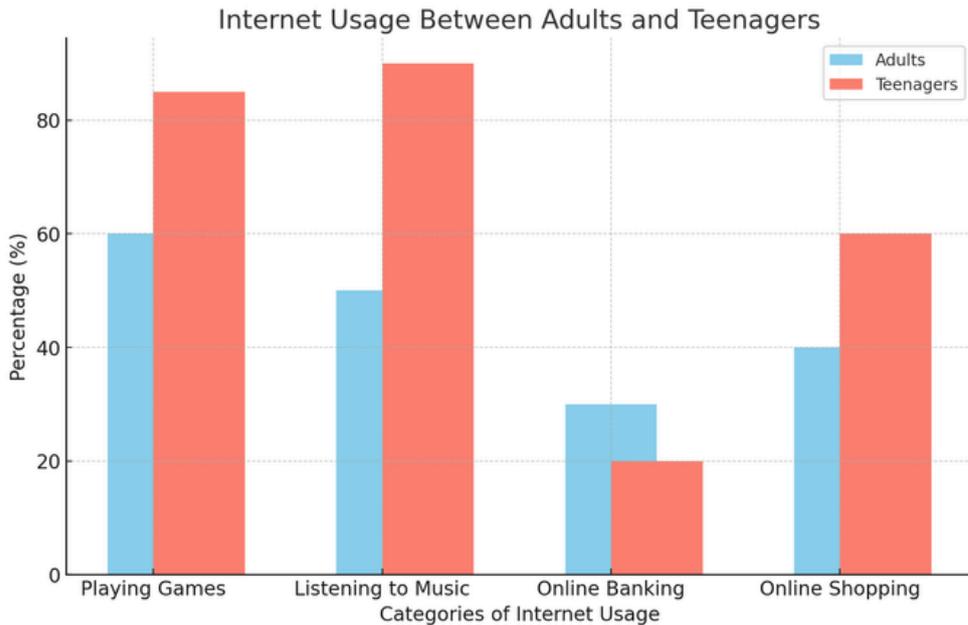

Amy: I still think life is better without the internet.

Megan: I understand, but I think life is better with it. We just need to use it wisely!

According to the dialogue,.....

- A) The internet can't cause health problems.
- B) Megan believes that the internet makes our lives difficult.
- C) They share the same ideas about the internet.
- D) Amy thinks that the internet harms face-to-face communication.

8) The graph belows show some information about internet usage among teens and adults.

Which of the following is correct according to the information above?

- A) Buying things online is not very popular among teenagers.
- B) The teenagers are keen on using banking applications more than the adults.
- C) The number of adults listening to music is almost half of the number of teens listening to music.
- D) The number of adults playing games is less than the number of adults checking their bank accounts.

9)

.....
Creating a social media account is very easy. First, choose a platform. Next, open the website or download the app. Then, click on "Sign Up" or "Create Account." Enter your name, email, and password.
