

7TH GRADES UNIT 4 WILD ANIMALS

A) Read the text about foxes and complete the chart.

A fox is a mammal. Foxes live in forests, grasslands, mountains, and even near human villages. Foxes are omnivores. They eat small animals like rabbits and mice, insects, fruits, and berries. They have sharp ears and bushy tail. Foxes are quick and clever hunters. They can jump high and move silently. A fox usually lives 3–4 years in the wild.
